From the President's Desk:

Dear Friends,.

Healthcare is undergoing dynamic changes and newer challenges are put forth to us on a day to day basis. Safety of our doctors and paramedics have come in the spotlight after the horrific incident at the medical college at Kolkata. This has brought forward the inadequacy of safety measures at the workplace for our industry. As healthcare providers, it is our duty to ensure safety of our healthcare family. Please provide safe retiring rooms, clean toilets, recreational facilities and safe transportation for doctors and paramedical staff members. Make sure key areas are covered by CCTV cameras and monitored regularly. Similarly , security should be strengthened by posting guards at vulnerable areas. Posters about law on violence against healthcare workers should be pasted in vantage places. AHPI-TN, condemns all acts of violence against healthcare professionals. Good progress has been made In the Minimum Wages Act committee which was formed on the advice of the Honorable high court of Madras, on the case filed by AHPI-TN. The committee has met several times and field survey has taken place by committee members including our representative Mr Adel Bennet. We hope to get a favorable recommendation from the committee soon.

The 2nd AHpi Leadership summit , is happening at Hilton Hotel, Chennai ,on Sunday, 29th September. Key sessions on Empowering and developing healthcare leaders will be held in the conclave with excellent speakers from the industry and outside the industry will address. I invite all our members to the conclave and to nominate top level management from their organizations to attend and benefit .

Regards

Dr Sathish Devadoss

The AHPI Tamil Nadu Chapter held its monthly meeting on Friday, 9th August 2024, at Hotel GRT Grand in T. Nagar. The agenda focused on the ongoing legal case, minimum wage standards, and preparations for the upcoming Leadership Summit. Members engaged in in-depth discussions, highlighting the critical importance of these issues for the healthcare sector. The meeting underscored the chapter's commitment to strong advocacy, professional growth, and leadership excellence within the healthcare community.

Nursing Skill Development Program -05

On August 28, 2024, a comprehensive Nursing Skill Development Program (NSDP-05) was successfully conducted at Dr. Mehta's Hospitals - Global Campus with RPS Community College. Organized jointly by the Tamil Nadu Chapter of the Association of Nurse Executives (India) [ANEI] and the Association of Healthcare Providers (India) [AHPI], the program focused on equipping nurses with essential skills to deliver high-quality patient care.

Through interactive workshops and discussions, participants gained proficiency in critical nursing procedures, including injection techniques, IV cannulation, NG tube insertion, urinary catheterization, ECG and wound care management. This program served as a valuable platform for nurses to refine their skills, ensuring patient safety and well-being.
