PRESIDENT'S MESSAGE

Dear Members,

I am pleased to share the remarkable success of AHPI-TN's sustained efforts in advocating for a favorable outcome on the 2018 Minimum Wages Act. This achievement is a testament to our collective dedication, relentless perseverance, and unwavering commitment to the welfare of our healthcare providers and employees across Tamil Nadu.

I would like to extend my heartfelt appreciation to our past office bearers whose leadership laid the foundation for this significant milestone. Their vision and tireless work have been instrumental in positioning AHPI-TN as a strong voice in policy advocacy.

Special thanks to Mr. Adel, whose exemplary representation on the government-appointed committee was pivotal. His insights and advocacy helped shape a balanced and progressive outcome that benefits our entire sector.

This success underscores the power of unity and collective strength. When we stand together, our voices are heard, and meaningful change becomes possible. Let us continue to work collaboratively, uphold our shared values, and strive for initiatives that promote sustainable growth and fair practices in healthcare.

Together, we can achieve greater heights and ensure a brighter future for our industry and the communities we serve.

Warm regards,
Dr Sathish Devadoss
President, AHPI-TN

EC-Zonal Coordinators Meet

As part of AHPI Tamil Nadu's first Executive Committee and Zonal Coordinators meet, Dr O V Nandimath, Professor of Law and Chair Professor at NLSIU, Bengaluru, addressed the pressing challenges faced by healthcare providers in Tamil Nadu related to private insurance – including disallowances, delayed disbursements, lack of transparency, and unfair recovery practices. Dr Nandimath emphasized the importance of collecting structured, evidence-based data across member hospitals to highlight the systemic issues. He also urged the need to push for transparency. The session was highly interactive and offered practical legal strategies to strengthen the collective voice of healthcare providers through AHPI-TN.
